GALLERY GOLD

Presents "Open The Door"

It is a talent hunt being organized for providing mentally handicapped people a platform to showcase and develop the enormous talents they possess that are usually buried deep within. Our aim is to **open the doors** of freedom and creativity for Social & Financial inclusion of these marginalized sections of society.

It will be a grand weekend of discovering talent in the form of Music, art, dance, junk jewellery making, handicraft and other such fortes. Film show & Documentaries on mental health & interactive session would be an added attraction.

Come and join us in our endeavor to 'spread the smile' among people who are special to the society as well as you.
